

# Material Safety Data Sheet

ISO PROPYL ALCOHOL N (RXSOL-19-1433-210)

## 1. Product and Company Identification

Product Name RXSOL-19-1433-210  
Product Type ISO PROPYL ALCOHOL

Synonyms :: 2-Propanol; sec-propyl alcohol; isopropanol; sec-propanol; dimethylcarbinol CAS No 67-63-0  
Molecular Weight 60.10 Chemical Formula (CH<sub>3</sub>)<sub>2</sub> CHOH

### Company Details:

RX MARINE INTERNATIONAL  
105, A wing , BSEL , TECH PARK.  
VASHI ,NEW BOMBAY 400703 INDIA

Stock Point : Mumbai, Kolkata, Chennai, Visakhapatnam, Fujairah, Muscat

Phone +91 22 27815540 / 41 / 42  
Fax +91 22 2781 1318 :: AOH :0091 9821214367  
Email [mail@rxmarine.com](mailto:mail@rxmarine.com)  
Website [www.rxmarine.com](http://www.rxmarine.com)

## 2. Composition / information on ingredients

| Chemical Name                      | CAS Number | EC Number | Index number |
|------------------------------------|------------|-----------|--------------|
| Propan-2-ol ( Iso Propyl Alcohol ) | 67-63-0    | 200-661-7 | 603-117-00-0 |

## 3. Hazards Identification

### Hazard description:

### Information concerning particular hazards for human and environment:

R 36 Irritating to eyes.  
R 67 Vapours may cause drowsiness and dizziness.

## 4. First Aid Measures

|                     |                                                                                                                                   |
|---------------------|-----------------------------------------------------------------------------------------------------------------------------------|
| General information | Symptoms of poisoning may even occur after several hours, therefore medical observation for at least 48 hours after the accident. |
| After inhalation    | Supply fresh air, consult doctor in case of complaints.                                                                           |
| After skin contact  | Generally the product does not irritate the skin.                                                                                 |
| After eye contact   | Rinse opened eye for several minutes under running water. If symptoms persist, consult a doctor.                                  |
| After swallowing    | If symptoms persist consult doctor.                                                                                               |

## 5. Fire-fighting Measures

### Suitable extinguishing agents:

CO<sub>2</sub>, powder or water spray. Fight larger fires with water spray or alcohol resistant foam.

Protective equipment: No special measures required.

## 6. Accidental Release Measures

Person-related safety precautions: Wear protective equipment. Keep unprotected persons away.

Measures for environmental protection: Do not allow to enter sewers/ surface or ground water.

Measures for cleaning/collecting: Dilute with plenty of water. Ensure adequate ventilation.

## 7. Handling and Storage

### Handling:

Information for safe handling: No special requirement

Information about fire - and explosion protection:

Keep ignition sources away - Do not smoke.

Protect against electrostatic charges.

### Storage:

Requirements to be met by storerooms and receptacles: Store in a cool location.

Information about storage in one common storage facility: Not required.

Further information about storage conditions:

Keep container tightly sealed.

Store in cool, dry conditions in well sealed receptacles.

## 8. Exposure controls and personal protection

**Additional information about design of technical facilities:** No further data; see item 7.

### *Ingredients with limit values that require monitoring at the workplace:*

67-63-0 propan-2-ol

PEL (USA)

980 mg/m<sup>3</sup>, 400 ppm

Short-term value: 1225 mg/m<sup>3</sup>, 500 ppm

REL (USA)

Long-term value: 980 mg/m<sup>3</sup>, 400 ppm

Short-term value: 984 mg/m<sup>3</sup>, 400 ppm

Long-term value: 492 mg/m<sup>3</sup>, 200 ppm

BEI

TLV (USA)

Short-term value: 1250 mg/m<sup>3</sup>, 500 ppm

WEL (Great Britain)

Long-term value: 999 mg/m<sup>3</sup>, 400 ppm

**Additional information:** The lists valid during the making were used as basis.

### Personal protective equipment:

**General protective and hygienic measures:** Keep away from foodstuffs, beverages and feed. Immediately remove all soiled and contaminated clothing Wash hands before breaks and at the end of work. Avoid contact with the skin. Avoid contact with the eyes and skin.

**Respiratory protection:** Not required.

**Protection of hands:** The glove material has to be impermeable and resistant to the product/ the substance/ the preparation. Due to missing tests no recommendation to the glove material can be given for the product/ the preparation/ the chemical mixture. Selection of the glove material on consideration of the penetration times, rates of diffusion and the degradation

**Material of gloves:** The selection of the suitable gloves does not only depend on the material, but also on further marks of quality and varies from manufacturer to manufacturer.

### Penetration time of glove material:

The exact break through time has to be found out by the manufacturer of the protective gloves and has to be observed.

**Eye protection:** Tightly sealed goggles

## 9. Physical and chemical properties

General Information

Form

Fluid

|                             |                                                                                             |
|-----------------------------|---------------------------------------------------------------------------------------------|
| Colour                      | Clear                                                                                       |
| Odour                       | Characteristic                                                                              |
| Change in condition         |                                                                                             |
| Melting point/Melting range | -89.5°C                                                                                     |
| Boiling point/Boiling range | 82°C                                                                                        |
| Ignition temperature        | 425°C                                                                                       |
| Danger of explosion         | Product is not explosive. However, formation of explosive air/vapour mixtures are possible. |

**Explosion limits:**

|                                                |             |
|------------------------------------------------|-------------|
| Lower                                          | 2 Vol %     |
| Upper                                          | 12 Vol %    |
| Vapour pressure at 20°C                        | 43 hPa      |
| Density at 20°C                                | 0.785 g/cm³ |
| Solubility in / Miscibility with water at 20°C | 1 g/l       |
| pH-value (- g/l)                               | neutral     |

**Viscosity:**

|                 |           |
|-----------------|-----------|
| Dynamic at 22°C | 2.43 mPas |
|-----------------|-----------|

## 10. Stability and reactivity

Thermal decomposition / conditions to be avoided: No decomposition if used according to specifications.

Dangerous reactions No dangerous reactions known.

Dangerous decomposition products: No dangerous decomposition products known.

## 11. Toxicological information

Acute toxicity:

**LD/LC50 values relevant for classification:**

|            |          |                      |
|------------|----------|----------------------|
| Oral       | LD50     | 5045 mg/kg (rat)     |
| Dermal     | LC50     | 12800 mg/kg (rabbit) |
| Inhalative | LC50/4 h | 30 mg/l (rat)        |

Primary irritant effect:

|               |                               |
|---------------|-------------------------------|
| on the skin   | No irritant effect.           |
| on the eye    | Irritating effect.            |
| Sensitization | No sensitizing effects known. |

## 12. Ecological information

**General notes:** Water hazard class 1 (German Regulation) (Assessment by list): slightly hazardous for water Do not allow undiluted product or large quantities of it to reach ground water, water course or sewage system.

## 13. Disposal considerations

**Product:** Recommendation Must not be disposed together with household garbage. Do not allow product to reach sewage system.

**Uncleaned packaging: Recommendation:** Disposal must be made according to official regulations.

Recommended cleansing agents: Water, if necessary together with cleansing agents.

## 14. Transport information

### Land transport ADR/RID (cross-border)

|                      |                                      |
|----------------------|--------------------------------------|
| ADR/RID class        | 3 Flammable liquids.                 |
| Danger code (Kemler) | 33                                   |
| UN-Number            | 1219                                 |
| Packaging group      | II                                   |
| Hazard label         | 3                                    |
| Description of goods | 1219 ISOPROPANOL (ISOPROPYL ALCOHOL) |

### Maritime transport IMDG

|                      |                                 |
|----------------------|---------------------------------|
| IMDG Class           | 3                               |
| UN Number            | 1219                            |
| Label                | 3                               |
| Packaging group      | II                              |
| EMS Number           | F-E,S-D                         |
| Marine pollutant     | No                              |
| Proper shipping name | ISOPROPANOL (ISOPROPYL ALCOHOL) |

### Air transport ICAO-TI and IATA-DGR

|                      |                                 |
|----------------------|---------------------------------|
| ICAO/IATA Class      | 3                               |
| UN/ID Number         | 1219                            |
| Label                | 3                               |
| Packaging group      | II                              |
| Proper shipping name | ISOPROPANOL (ISOPROPYL ALCOHOL) |

## 15. Regulatory information

### Labelling according to EU guidelines:

The product has been classified and marked in accordance with EU Directives / Ordinance on Hazardous Materials.

#### Risk phrases:

- 11 Highly flammable.
- 36 Irritating to eyes.
- 67 Vapours may cause drowsiness and dizziness.

#### Safety phrases:

- 2 Keep out of the reach of children.
- 7 Keep container tightly closed.
- 16 Keep away from sources of ignition - No smoking.
- 24/25 Avoid contact with skin and eyes.

## 16. Other information

This information is based on our present knowledge. However, this shall not constitute a guarantee for any specific product features and shall not establish a legally valid contractual relationship.

**DISCLAIMER OF LIABILITY :** The information in this SDS was obtained from sources which we believe are reliable. However, the information is provided without any warranty, express or implied, regarding its correctness. The conditions or methods of handling, storage, use or disposal of the product are beyond our control and may be beyond our knowledge. For this and other reasons, we do not assume responsibility and expressly disclaim liability for loss, damage or expense arising out of or in any way connected with the handling, storage, use or disposal of the product. This MSDS was prepared and is to be used only for this product. If the product is used as a component in another product, this MSDS information may not be applicable.
