

# Material Safety Data Sheet

Vinyl Polish (Thermoplastic Floor Finish) (RXSOL-18-1049-005)

## 1. Product and Company Identification

Product Name RXSOL-18-1049-005  
Product Type Vinyl Polish (Thermoplastic Floor Finish)

### Company Details:

RX MARINE INTERNATIONAL  
105, A wing , BSEL , TECH PARK.  
VASHI ,NEW BOMBAY 400703 INDIA

Phone +91 22 65113333 / 5555 / 9999  
Fax +91 22 2781 1318 ::AOH :0091 9821214367  
Email [mail@rxmarine.com](mailto:mail@rxmarine.com)

## 2. Composition / information on ingredients

### HAZARDOUS INGREDIENTS

| INGREDIENTS                        | Conc % W/W | CAS no   | EXPOSITION CL50 | LETHAL DOSE<br>INGESTION<br>DL50 |
|------------------------------------|------------|----------|-----------------|----------------------------------|
| Acrylic polymer<br>ULTRA M         | 30 - 60    | V.Secret | N/D             | N/D                              |
| 2-(2-<br>Methoxyethoxy)<br>ethanol | 1 - 5      | 111-77-3 | N/D             | N/D                              |

## 3. Hazards Identification

N/A

## 4. First Aid Measures

Contact with Eyes Immediately flush eyes with plenty of water for at least 15 minutes. Occasionally lifting upper and lower lids. Get medical attention at once.

Contact with skin It should be rinsed off with water.

Ingestion If this product is swallowed, do not induce vomiting. If victim is conscious give plenty of water to drink. Get medical attention at once. (ANTIPOISON CENTER: 1-800-463-5060)

Inhalation Move exposed person to fresh air. If irritation persists. Get medical attention promptly.

## 5. Fire-fighting Measures

|                                      |                                |
|--------------------------------------|--------------------------------|
| Flammable                            | No                             |
| Condition                            | Nothing                        |
| Exinction                            | Chemical foam, carbon dioxide, |
| Flash Point (open cup)               | water Superior at 95° C        |
| Auto-inflammation temperature        | N/D                            |
| Dangerous product made by combustion | Carbon oxide                   |

## 6. Accidental Release Measures

|                                |                                                                                               |
|--------------------------------|-----------------------------------------------------------------------------------------------|
| Eyes Protection                | Protectives Googles.                                                                          |
| Respiratory Protection         | You don't need a safety mask with normal using.                                               |
| Skin Protection                | Protectives cloths, Boots, Googles.                                                           |
| Technical installation         | No caution are necessary                                                                      |
| Measures if a leaks and spills | Take off the leaks and put in a identify container Rinse the floor with water.                |
| Elimination                    | Conform with federal and provincial laws Put in a closed material. Protect against the freeze |

## 7. Handling and Storage

N/A

## 8. Exposure controls and personal protection

N/A

## 9. Physical and chemical properties

|                  |                    |
|------------------|--------------------|
| Physical State   | White Liquid       |
| boiling Point    | > 100°C            |
| Odor             | Light Acrylic odor |
| pH               | 8.5± 0.5           |
| Freezing Point   | 0°C                |
| % Volatile       | N/D                |
| Density (20°C)   | 1.034 g/cc         |
| Vapor Pressure   | N/D                |
| Water solubility | yes                |
| Vapor Density    | N/D                |

## 10. Stability and reactivity

|                    |        |
|--------------------|--------|
| Chemical stability | Stable |
|--------------------|--------|

|                                     |                                                   |
|-------------------------------------|---------------------------------------------------|
| Incompatibility with other products | Strong reductor, strong oxidant and acid product. |
| Conditions                          | N/D                                               |
| Polymerisation                      | None                                              |
| Decomposition product               | Carbon oxide                                      |

## 11. Toxicological information

|                                    |                                                |
|------------------------------------|------------------------------------------------|
| Exposition limit                   | N/D                                            |
| Absorption way                     | Inhalation ( ) Eyes (X) Skin ( ) Ingestion (X) |
| Chronics exposure with the product | N/D                                            |
| Inhalation                         | No Object                                      |
| Eyes                               | Can be irritating eyes and can be paste eyelid |
| Skin                               | Can be irritating skin and paste on the skin   |
| Ingestion                          | Dangerous                                      |
| Carcinogenicity                    | None                                           |
| Synergics products                 | None                                           |

## 12. Ecological information

N/A

## 13. Disposal considerations

N/A

## 14. Transport information

N/A

## 15. Regulatory information
